In 2020 he released his first live DVD, recorded at Sala Cecília Meireles, with an orchestra, featuring Daniel Gonzaga and Marcela Mangabeira, shown by Music Box Brasil.

Among the singles are his collaboration with Blitz, on the classics "Você Não Soube me Amar" and "Weekend," where he is credited with musical production and plays his unmistakable saxophone. He also released the first authorized version by the master Alceu Valença of the classic "La Belle De Jour," "O Amanhã," with Pedro Tie and João Felipe, "your latest Trick" with Rafael Nazareth, DJ Mam, Dani Rocco, Charlotte C., Mario Fischetti, Gui Defilippi, among others.

"The Ship of Love" marks another international release with the Danish label Music for Dreams. Also in 2022, he participated as an author and performer on the international album "Follow yourdreams" by DJ Pippi and Willie Graff, on the tracks Jaleo and Mudo.

From the partnership with Music for Dreams in March 2022 also came the album Sha plays Getz / Pessoa sings Gilberto, in which Sha and musician Maurício Pessoa were given the opportunity to present to the world their tribute and reverence to the iconic album Getz/Gilberto, a masterpiece of Brazilian music.

Also in 2022, he released another album, a beautiful partnership with Ricardo Imperatore, the "Shimp-Z" project, the EP Live Your Life with his Point Aéreo project, and Sha was once again a confirmed attraction at the world's largest music festival, Rock in Rio, sealing his long-standing partnership with the festival and corroborating his importance to the Brazilian music scene.

Also in 2025, Rodrigo Sha continues his collaboration with the English artist Xantoné Blaqc and together with Pedro Tie, they release a version of the song "Cravo e Canela" from Clube da Esquina.

Rodrigo Sha, an artist seeking self-knowledge, connection with his essence, and his daily spiritual quest, decided to launch the SOPRO DA ALMA project in 2025, in partnership with yoga teacher Livia Vilella. The project began with a double album featuring 7 guided meditations and 8 meditations with nature sounds.

"The music glistens like the beads of sun tan lotion on a lady at the beach that causes all to say, "Aah". A reminder of tone being what always brings the listener to a song, with sounds inspired, not imitated."
